Livestock Connect - 10/8/2020

1. FOR SALE and EVENTS text look to be a different font to that in the navigation bar.

2. Mrec on News page needs to be moved up above the story hole.

3. RSS feed are not coming through to Horses widget on home page - stories are dated back to 2018 yet on the actual Horses page http://livestockconnect.com.au/new/news/horses-3 the stories are up to date.
4. Rural Press Events logo missing on Home page - at the bottom in Network widget
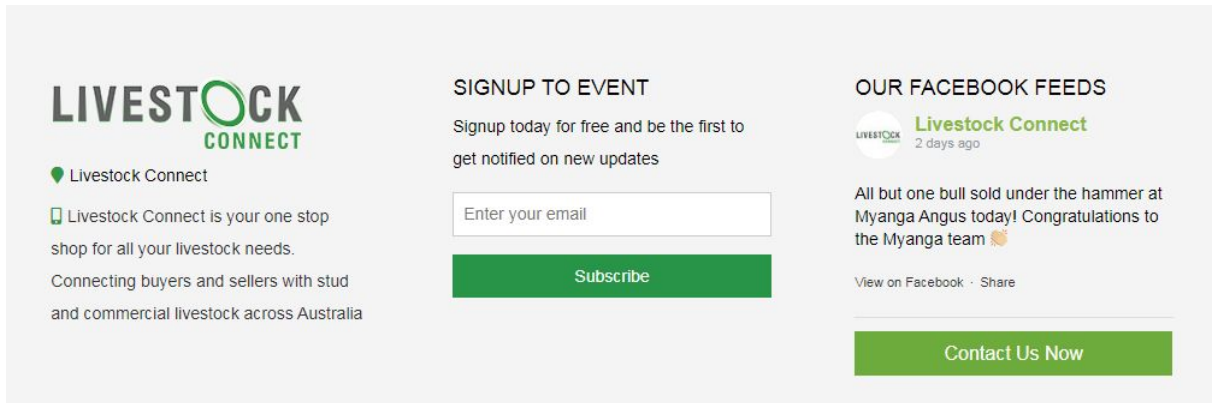

Livestock Connect Network

5. On the Registration From (Stud and Agent) - remove "Premium" Field
   http://livestockconnect.com.au/new/register/?type=stud

6. Please provide instructions on how I change the green colour of the buttons and icons, and the font style in this bottom section, so I can make it look uniformed.

7. Please provide instructions on how I update the information on the Contacts Page
   http://livestockconnect.com.au/new/contact-us
8. Please provide instructions on how I can change the header images on each page.

9. Find a Stud http://livestockconnect.com.au/new/members, images are blurry.

10. Stud Profiles - The yellow text box doesn't look right. Maybe curve the corners so it fits in with the style guide of the rest of the elements on the page??? I'm open to some feedback on how we can make this look more appealing.

11. The photo gallery on stud profile is not loading completely.

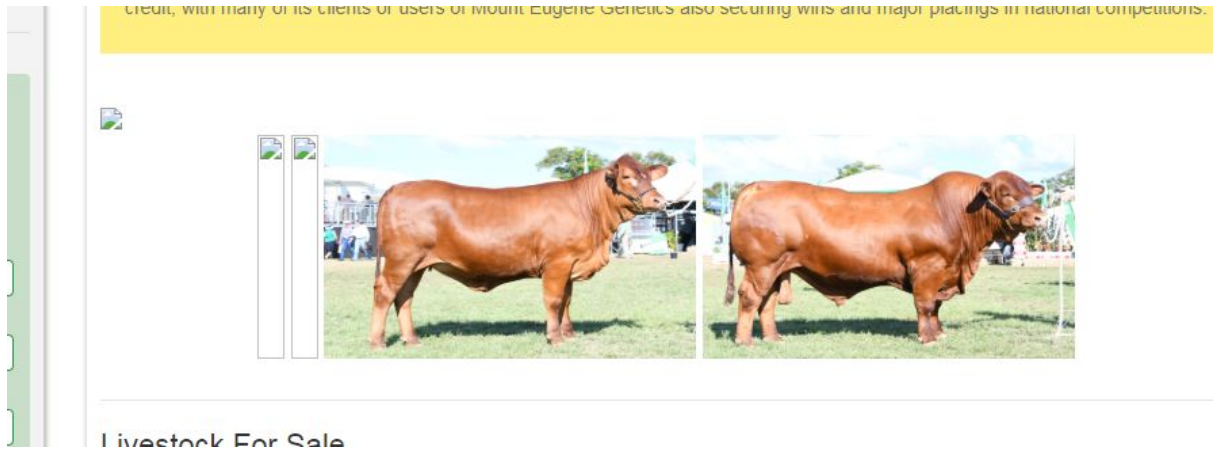

12. There is false information on the site. For example on the 5 Star Senepol profile on the "new:' site http://livestockconnect.com.au/new/members/mteugene1/ There is a classified that is not theirs and a connection to an Agent that is not their agent. We can not go live with this type of information on the site. Please remove all false listings and connections from the Stud profiles

.
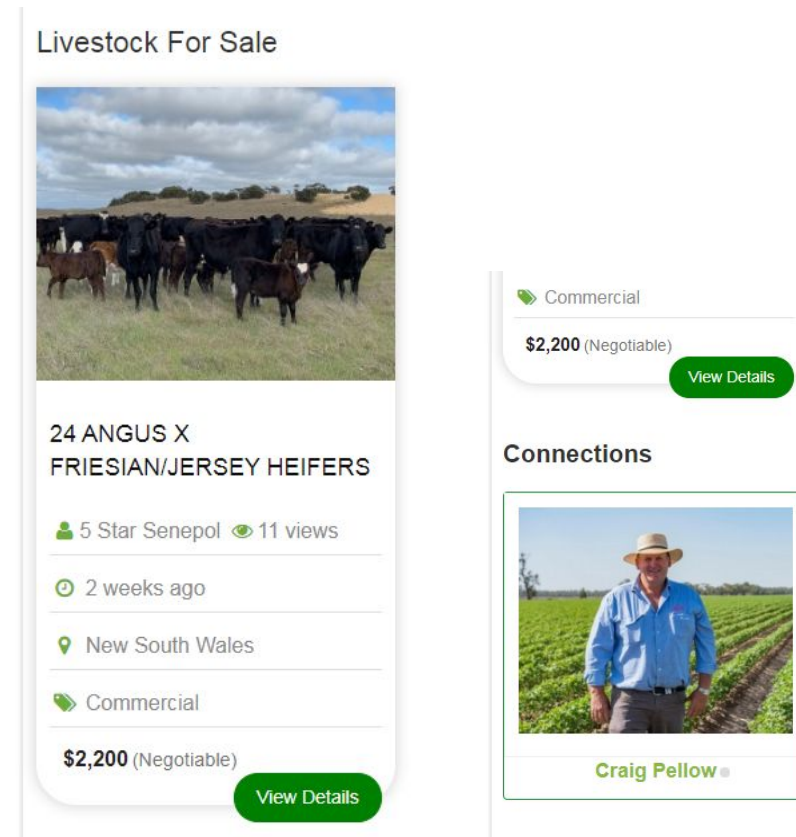

13. False Information - Craig Pellow profile on new site http://livestockconnect.com.au/new/members/craig/ has information that is not related to him. Remove all agent profiles from the site, we will add them in to ensure they are correct.

14. False Information - Events. http://livestockconnect.com.au/new/events/store-cattle-sale-3 This listing is an ad for a July store sale but its listed for August 1, has a video embedded that isn't related to

the sale, it says it is an open day and stud sale but it is a store sale, it says 9am but it started at 12 it says AuctionsPlus sale but its not. It has someone else's contact details. We can not go live with these False events on the site when we go live, please remove all events and we will add them to ensure they are correct.

15. Event listings expanding page
http://livestockconnect.com.au/new/events/store-cattle-sale-3 The Calendar doesn't look right, just looks like a grid and the Contact details don't show.

Would it be easier and more appealing to have the information for events display in a similar format to the way the classifieds expand?
http://livestockconnect.com.au/new/rtcl_listing/53-station-mated-cows-54-calves
The important information for an event is:
> Title
> Date
> Time
> Type of Sale (eg AuctionsPlus, On-property, Stud, Store, Prime)
> Contact Information

Video
Feature image
PDF download (eg Catalogue)
Would love your thoughts and  some feedback.

17. False Information - remove any Fake classifieds listigns
    http://livestockconnect.com.au/new/livestock-for-sale

18. Events http://livestockconnect.com.au/new/livestock-events - the events should hide once the date passes.

19. Calendar http://livestockconnect.com.au/new/calender The listings under the monthly calendar are hard to read. Please provide instructions on how to change this table so

it has 3 columns DATE | EVENT | TIME

| Date/Time | Event |

20. Please provide instructions on how to add/remove the events gallery image on Calendar page

21. Multimedia page not loading http://livestockconnect.com.au/new/multimedia

22. Website list  - where is the list of websites on the "new" site? https://www.livestockconnect.com.au/livestock-websites-2/ Please provide instructions on how to update this list of websites (I sent an email through asking this on Mon 3rd Aug)

23. We have lost access to our Youtube channel (nothing to do with you or your team, it was a result of our internal migration whilst I was on Maternity leave)  I will be creating a new channel, please provide instructions on how to replace the old Youtube channel on the multimedia page with the new one.

24. Admin portal - when i sign into the dashboard http://livestockconnect.com.au/new/wp-admin/admin.php?page=ls-livestock-portal nothing happened when I click on Studs or Agents or any of the tiles.
