

Jindalee Feedlot

Since 1991 Jindalee has supplied quality grainfed cattle for the Wagga Wagga Complex. Jindalee is located 20km's east of Temora and approximately 100kms' from Wagga Wagga ,and has feedlot capacity of 17,000 head. Jindalee is accredited under the National Feedlot Accreditation Scheme, Meat Standards Australia and is a member of the Australian Lot feeders Association. Winner of the Elanco Feedlot of the Year for 2014 , an industry wide award held every two years.

Jindalee is located in the heart of grain production in the Riverina sourcing both wheat and barley from local farmers in the region. Feeder steers are sourced within a 500 km of the facility and have a reputation for sourcing quality British breed cattle including Hereford, Shorthorn and Angus for the renowned Teys Australia Branded Beef programs including Riverine Premium Beef, Teys Certified Premium Angus Beef and Riverine Classic Beef.

Jindalee has been the home of the Beef Spectacular Feedback Trial since it's inception in 2010.
